EXPLANATORY NOTES

These Explanatory Notes form part of the Notice of Annual General Meeting dated 19 October 2021 and should be read in conjunction with that Notice as these Explanatory Notes contain important information on the proposed Resolutions.

1. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

The Company is required to include in its Directors' Report a detailed Remuneration Report relating to remuneration received by the Company's key management personnel. Section 300A of the *Corporations Act* sets out the information required to be included in the Remuneration Report. A copy of the Remuneration Report appears in the Company's Annual Report for the year ended 30 June 2021.

Sections 249L(2) and 250R(2) of the *Corporations Act* require that a resolution that the Remuneration Report be adopted be put to a vote of shareholders at the Company's annual general meeting. The vote on this resolution is advisory to the Company only, and does not bind the Board.

Under section 250SA of the *Corporations Act*, shareholders must be given a reasonable opportunity to ask questions about, and make comments on, the Remuneration Report. This is in addition to any questions or comments that shareholders may have in relation to the management of the Company.

1.1. Voting Prohibition

A vote on Resolution 1 must not be cast by or on behalf of either of the following persons:

- (a) a member of the key management personnel details of whose remuneration are included in the remuneration report; or
- (b) a closely related party (such as close family members and any controlled companies) of those persons,

unless the vote is cast by a person as proxy for a person entitled to vote in accordance with the direction on the proxy form.

2. RESOLUTION 2A – ELECTION OF MR WILLIAM COLVIN

Under rule 13.2 of the Company's Constitution, shareholders must elect appointed directors at the Company's Annual General Meeting. Approval is sought that Mr William (Bill) Colvin, being eligible and having signified his candidature for the Office, be appointed and elected as a Director of the Company. Mr Colvin is both a Mining Engineer (BSc (Eng) Hons from the Royal School of Mines, London) and a Chartered Accountant (Institute Chartered Accountants of England & Wales). He worked as an auditor for Coopers & Lybrand in London and Sydney before commencing his executive mining career and has over 30 years of broad experience with mines/subsidiaries of RGC/Goldfields, MPI Mines/Leviathan Resources, Beaconsfield Gold/ BCD Resources and currently Bayan Airag Exploration LLC.

3. RESOLUTION 2B – RE-ELECTION OF MR ALFONSO GRILLO

Rule 16 of the Constitution requires at least one third of the Directors to retire each year (by rotation). Mr Alfonso Grillo retires this year in accordance with this rule, and is permitted to seek re-election. Personal particulars for Mr Grillo are set out in the Directors information included in the Company's Annual Report.

4. RESOLUTIONS 3A-3C – ISSUE OF OPTIONS TO DIRECTORS

4.1. ASX Listing Rule 10.11

Approval is sought pursuant to ASX Listing Rule 10.11 for the issue of a total of **8,000,000** Options to Directors of the Company. Pursuant to Listing Rule 10.11 the Company may not issue securities to a related party without the prior approval of the shareholders.

Each of Resolutions 3A-3C seeks shareholder approval for the issue of options to a Director of the Company in accordance with ASX Listing Rule 10.11. If approval is given under ASX Listing Rule 10.11, approval is not required under ASX Listing Rule 7.1.

4.2. Issue of Options

The following information is provided in accordance with ASX Listing Rule 10.13 in relation to each of Resolutions 3A-3C:

(a) **Name of the person**

The Options will be issued to the existing Directors of the Company (or their nominees).

(b) **Number and class of securities to be issued**

8,000,000 Options are to be divided among the Directors as follows:

- (i) 4,000,000 Options to Mr Michael Trumbull (or nominee);
- (ii) 2,000,000 Options to Mr William Colvin (or nominee); and
- (iii) 2,000,000 Options to Mr Alfonso Grillo (or nominee).

(c) **Maximum number of securities to be issued upon exercise of Options**

Upon exercise, the Options may be converted into a maximum of 8,000,000 fully paid ordinary shares ranking equally in all respects with the existing fully paid ordinary shares in the Company.

- (d) **Date of issue and allotment**
Subject to obtaining shareholder approval, the Company will issue and allot the Options within one month of the date of the Meeting.
- (e) **Issue price and terms of issue**
The Options will be issued without consideration. The Options are exercisable at the greater of 150% of the Company's last share price immediately preceding the date of issue or \$0.10 before the fifth anniversary of their date of issue.
Full terms and conditions of the Options are detailed in Annexure A.
- (f) **Intended use of the funds raised**
Any funds raised from the exercise of the Options will be applied towards the Company's working capital requirements.
- (g) **Details of Directors' current total remuneration package**
Details of the Directors' current total remuneration packages (excluding the proposed Option issue) are set out in section 4.3(i) below.
- (h) **Voting exclusion statement**
The Company will disregard any votes cast in favour of any of Resolutions 3A-3C by:
- (i) the person who is to receive the securities in question and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the entity); and
 - (ii) an associate of that person (or those persons).
- However, the Company need not disregard a vote if it is cast by:
- (iii) a person as proxy for a person who is entitled to vote on the Resolution, in accordance with directions given to the proxy or attorney to vote on the Resolution in that way; or
 - (iv) the chair of the meeting as proxy or attorney for a person who is entitled to vote on the Resolution, in accordance with a direction given to the chair to vote on the Resolution as the chair decides; or
 - (v) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (A) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on this Resolution; and
 - (B) the holder votes on the Resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

4.3. Chapter 2E of the Corporations Act 2001

Chapter 2E of the Act prohibits a public company from giving a financial benefit to any of its related parties unless a relevant exception applies.

The term *financial benefit* is widely defined and includes the issue of securities such as options. The term *related party* includes a director of the Company.

The prohibition does not apply where a resolution is passed by the Company permitting the benefit to be given. Accordingly, each of Resolutions 3A-3C is also being proposed for the purpose of obtaining shareholder approval for the purposes of Chapter 2E of the Act.

Section 219 of the Act requires the following information to be provided to shareholders:

- (a) **Related Party**
The following persons are Directors of the Company and are therefore the related parties to whom a financial benefit will be given under Resolutions 3A-3C:
- (i) Mr Trumbull;
 - (ii) Mr Colvin; and
 - (iii) Mr Grillo.
- (b) **Nature of the Financial Benefit**
The financial benefit to be given to the Directors of the Company pursuant to Resolutions 3A-3C is as follows:
- (i) Mr Trumbull – the issue of 4,000,000 Options;
 - (ii) Mr Colvin – the issue of 2,000,000 Options; and
 - (iii) Mr Grillo – the issue of 2,000,000 Options.

The terms and conditions of the Options are described under item 4.2 above.

The purpose of the issue is to remunerate Directors as an incentive for future services. The Directors consider it important that the Company is able to attract and retain people of the highest calibre.

The Directors consider that the most appropriate means of achieving this is to provide the Directors with an opportunity to participate in the Company's future growth and give them an incentive to contribute to that growth.

The issue of Options as part of the remuneration packages of directors is a well-established practice of junior public listed companies and, in the case of the Company, has the benefit of conserving cash whilst rewarding directors.

In determining the number of options to be granted, consideration was given to the relevant experience of the Directors, the respective overall remuneration and the terms of the options.

(c) **Directors' Recommendation, Reasons for Recommendation and Directors' Interests**

Each recipient of Options contemplated by Resolutions 3A to 3C is a Related Party of the Company as a Director. Accordingly:

- (i) Mr Michael Trumbull has a material personal interest in the outcome of Resolution 3A;
- (ii) Mr William Colvin has a material personal interest in the outcome of Resolution 3B; and
- (iii) Mr Alfonso Grillo has a material personal interest in the outcome of Resolution 3C.

In the interests of good corporate governance, the Directors decline to make any recommendations as to how Shareholders should vote on any of Resolutions 3A to 3C (not just in respect of that Resolution in which they individually have a material personal interest) as they may each acquire a Relevant Interest in Shares if Resolutions 3A to 3C are approved.

(d) **Independent Valuer Report**

The Company has commissioned HLB Mann Judd to provide an independent valuation in relation to the issues of Options proposed by Resolutions 3A-3C.

These Explanatory Notes aim to provide Shareholders with all information that is reasonably required by Shareholders to decide whether or not it is in the Company's interests to pass Resolutions 3A-3C. In particular, key findings and assumptions of the HLB Mann Judd valuation of the Options to be issued pursuant to Resolutions 3A-3C are set out below.

The Independent Valuer has assessed the value of each Option at \$0.049723, or \$198,892 for the parcel of 4,000,000 Options to be issued to Mr Trumbull, and \$99,446 for the parcels of 2,000,000 Options to be issued to each of Mr Colvin and Mr Grillo. The Options have been valued using the Binomial Option Valuation Model. This valuation is based on the following variables and assumptions being considered:

Assumption/Variable	Description
The current share price of the underlying shares	By reviewing the volume weighted average share price of the Company's shares over specified periods, the Independent Valuer determined that the current market value of the Company's shares on 13 September 2021 was \$0.076.
The exercise price of the Options	The exercise price of the Options will be at the greater of 150% of the Company's last share price immediately preceding the date of issue, or \$0.10.
The volatility of the share price	The Independent Valuer has reviewed a 5 year period of the Company's trading history in assessing the volatility of the Company's share price. The Independent Valuer has estimated the volatility of the Company's shares by using the long run forecast volatility based on 12 months. The Independent Valuer concluded that an expected share price volatility of 95.00% is appropriate.
The vesting conditions	The Options vest immediately upon issue.
Time to maturity	The Options expire five years after the date of issue.
The risk free rate of interest	The Independent Valuer used the 5 year Australian Government Bond benchmark yield as of 13 September 2021 to determine the risk free rate of interest. The rate used was 0.64%.

(e) **Trading History**

At the close of trading on the date preceding the date that this Notice was finalised, the market price of the Shares in the Company was \$0.073. In the 12 months prior to the date of this Notice, the Shares in the Company traded at a high of \$0.093 on 9, 12, 13, 16 and 19 July 2021, and a low of \$0.040 on 11, 14, 16, 18, 23 and 30 December 2020 and 1 February 2021.

(f) **Opportunity Cost**

The Directors do not consider that there are any material opportunity costs to the Company or benefits foregone by the Company in issuing the Options pursuant to Resolutions 3A-3C.

(g) **Taxation Consequences**

The Directors are not aware of any taxation consequences that will arise from the issue of Options pursuant to Resolutions 3A-3C.

(h) **Director's interest in the Shares of the Company**

The table below illustrates the following:

- (i) the first column sets out each Director in the Company;
- (ii) the second column sets out the relevant interest of each Director in fully paid ordinary shares of the Company;
- (iii) the third column sets out the relevant interest of each Director in options convertible into ordinary shares in the Company;
- (iv) the fourth column sets out the number of Options to be issued to each Director pursuant to Resolutions 3A-3C;
- (v) the sixth column sets out the relevant interest in fully paid ordinary shares held by each Director if the Options issued to that Director pursuant to Resolutions 3A-3C and the Directors' existing options are exercised;
- (vi) the seventh column sets out that if the Options are issued to that Director and that Director exercises all of their Options (including the existing Options held by that Director) but none of the Options held by the other Directors are exercised, the total Shares on issue in the Company; and
- (vii) the eighth column sets out the Director's relevant interest percentage in the Shares of the Company if the Director exercises all of their Options but none of the Options held by the other Directors are exercised.

[1] Assumes that none of the Options issued to other Directors are exercised, no existing options held by persons other than the Director are exercised, and no existing convertible notes are converted.

(i) **Directors' Remuneration**

As at the date of the Notice of Meeting, the remuneration paid or payable in respect of the 2020/2021 fiscal year to the Directors, or companies controlled by those individuals (inclusive of superannuation and director fees where applicable and the value of options granted), is as follows:

Director	Remuneration	
	Salary and Fees	Non-cash (Options)
Mr Trumbull	\$164,250	\$161,588
Mr Davison ¹	\$45,990	\$80,794
Mr Grillo	\$45,990	\$80,794
Mr Colvin ²	Nil	Nil

¹ Mr Davison resigned as a Director of the Company on 7 September 2021.

² Mr Colvin was appointed as a Director of the Company on 7 September 2021.

It is anticipated that the remuneration to be paid to Directors for the 2021/2022 fiscal year, or deferred in the event of cashflow not reaching required levels (inclusive of superannuation and director's fees where applicable), will be similar to the fees set out in the table above. The Company has agreed to pay to Mr Colvin remuneration for the 2021/22 fiscal year in the order of \$45,990, inclusive of superannuation and director's fees.

4.4. Voting Exclusion Statement

The Company will disregard any votes cast on this resolution by:

- (a) Mr Trumbull, Mr Colvin and Mr Grillo and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the entity); and
- (b) any associates of those persons.

However the Company need not disregard vote cast by:

- (c) a person as proxy for a person who is entitled to vote on the Resolution, in accordance with directions given to the proxy or attorney to vote on the Resolution in that way;
- (d) the chair of the meeting as proxy or attorney for a person who is entitled to vote on the Resolution, in accordance with a direction given to the chair to vote on the Resolution as the chair decides; or
- (e) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on this Resolution; and
 - (ii) the holder votes on the Resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

Shareholders should note that the chair intends to vote any undirected proxies in favour of all Resolutions, except where the chair has a direct or indirect interest in the outcome of a Resolution, in which case the chair will not vote undirected proxies in respect of that Resolution. In exceptional circumstances, the chair may change his voting intention on a Resolution, in which case an ASX announcement will be made. Shareholders may also choose to direct the chair to vote against a Resolution or to abstain from voting.

4.5. Voting Prohibition

A person appointed as a proxy must not vote on this Resolution if:

- (a) the proxy is either:
 - (i) a member of the key management personnel; or
 - (ii) a closely related party of such a member; and
- (b) the appointment does not specify the way the proxy is to vote on this Resolution.

The above prohibition does not apply if:

- (c) the proxy is the chair; and
- (d) the appointment expressly authorises the chair to exercise the proxy even though this Resolution is connected directly or indirectly with the remuneration of a member of the key management personnel.

5. RESOLUTION 4 – RATIFICATION OF PRIOR ISSUE OF CONVERTIBLE NOTES

5.1. Background

Resolution 4 seeks Shareholders' ratification of the Company's issue of 35,000,000 convertible notes, each convertible into one ordinary fully paid share, made on 13 April 2021 pursuant to the Company's placement capacity under Listing Rule 7.1. The convertible notes were issued to unrelated parties of the Company, each being a sophisticated, professional or other investor that falls within one or more of the classes of exemptions specified in section 708 of the Corporations Act, at an issue price of \$0.10 (10.0 cents) per note. The issue raised a total of \$3,500,000, of which \$600,000 was applied to the redemption and rollover of pre-existing convertible notes due to expire in September 2021. The Company seeks shareholders' ratification of the issue of convertible notes under Resolution 4.

The issue the subject of Resolution 4 was undertaken without shareholder approval, and was in compliance with Listing Rule 7.1 at the time of issue.

5.2. Requirements of the Listing Rules

ASX Listing Rule 7.4 permits a listed company at a general meeting to subsequently approve an issue of securities made without prior shareholder approval under Listing Rule 7.1. Resolution 4 has been included in this Notice of Meeting to preserve the Company's ability to issue further shares under Listing Rule 7.1.

Listing Rule 7.1 provides, in summary, that a listed company may not issue equity securities in any 12 month period where the total number of equity securities to be issued exceeds 15% of the total number of fully paid ordinary securities on issue 12 months before the date of the issue, except where an exception applies or with prior approval of members of the Company at a general meeting.

As such, Resolution 4 seeks shareholders' ratification of the issue of convertible notes so as to increase the Company's capacity to issue new securities.

The convertible notes were issued at a price of 10.0 cents per note.

(f) **Purpose of issue and use of the funds raised**

The issue of convertible notes raised a total of \$3,500,000, of which \$600,000 was applied to the redemption and rollover of pre-existing convertible notes due to expire in September 2021 and \$905,000 was applied to the Company's strategic acquisition of a 228.65 hectares (565 acres) farming property immediately to the south of the Nagambie Mine, with the balance intended to be applied to the following:

- (i) the continued diamond drilling of the sulphide-gold target immediately to the west and south west of the West Pit at the Nagambie Mine;
- (ii) further site preparation work for the Company's PASS Management Project; and
- (iii) increasing the Company's working capital to better position the Company to advance its various projects as opportunities arise.

(g) **Voting exclusion statement**

The Company will disregard any votes cast in favour of Resolution 4 by:

- (i) persons who participated in the issue being approved; and
- (ii) any associates of those persons.

However, the Company need not disregard a vote if it is cast by:

- (iii) a person as proxy for a person who is entitled to vote on the Resolution, in accordance with directions given to the proxy or attorney to vote on the Resolution in that way; or

- (iv) the chair of the meeting as proxy or attorney for a person who is entitled to vote on the Resolution, in accordance with a direction given to the chair to vote on the Resolution as the chair decides; or
- (v) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - (A) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on this Resolution; and
 - (B) the holder votes on the Resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

5.4. Additional information required by Listing Rule 14.1A

In accordance with Listing Rule 14.1A, in the event that shareholders do not approve Resolution 4, the Company's placement capacity under Listing Rule 7.1 will be reduced by the number of the securities subject of this Resolution until the earlier of subsequent shareholder approval to ratify the issue or 12 months from the date of issue.

5.5. Board recommendation

The Board recommends that shareholders approve the past issue of convertible notes by passing Resolution 4.

6. RESOLUTION 5 – APPROVAL OF 10% PLACEMENT CAPACITY

6.1. ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables an eligible entity to issue equity securities up to 10% of its issued share capital (at the time of the issue or the agreement to issue) through placements over a 12 month period after the annual general meeting (*10% Placement Capacity*). The 10% Placement Capacity is in addition to the Company's 15% placement capacity pursuant to Listing Rule 7.1.

The effect of Resolution 5 will be to allow the Directors to issue equity securities under Listing Rule 7.1A during the period of 12 months following the Annual General Meeting without using the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company hereby seeks shareholder approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Capacity.

The exact number of equity securities that may be issued pursuant to the 10% Placement Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 which provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of equity securities calculated as follows:

(A x D) – E

Where:

A is the number of fully paid ordinary securities on issue 12 months before the date of issue or agreement to issue:

- plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- plus the number of partly paid shares that became fully paid in the 12 months;
- plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 or 7.4. This does not include an issue of fully paid shares under the Company's 15% placement capacity without shareholder approval;
- less the number of fully paid shares cancelled in the 12 months;

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of equity securities issued or agreed to be issued under rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are *not* issued with the approval of holders of ordinary securities under rule 7.1 or 7.4.

Any equity securities issued under the 10% Placement Capacity must be in an existing quoted class of the Company's equity securities. The Company presently has only one class of quoted securities being fully paid ordinary shares.

If the Company issues any equity securities under the 10% Placement Capacity, the entity must, pursuant to Listing Rules 7.1A.4:

- (a) state in its announcement of the proposed issue or in its application for quotation of the equity securities that the securities are issued under Listing Rule 7.1A; and
- (b) give to the ASX a list of the allottees of the equity securities and the number of equity securities to be allotted to each (but this list is not required to be released to the market).

6.2. Minimum Price

The issue price of each such security must be no less than 75% of the volume weighted average price for securities in that class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at which the securities are to be issued is agreed; or
- (b) if the securities are not issued within 10 trading days of the date in paragraph (a), the date on which the securities are issued.

6.3. Risk of economic and voting dilution of existing ordinary security holders

Number of Shares		\$0.037 per Share	\$0.073 per Share	\$0.146 per Share
499,932,346 being	10% Voting Dilution	49,993,234 Shares	49,993,234 Shares	49,993,234 Shares

74,989,8519 being	10% Voting Dilution	74,989,851 Shares	74,989,851 Shares	74,989,851 Shares

Variable A				
	Funds Raised	\$2,737,129	\$5,474,259	\$10,948,518
999,864,692 being	10% Voting Dilution	99,986,469 Shares	99,986,469 Shares	99,986,469 Shares
a 100% increase in				
Variable A				
	Funds Raised	\$3,649,506	\$7,299,012	\$14,598,024

If Resolution 5 is approved and the Company issues equity securities under the 10% Placement Capacity, there is a risk that:

- (a) the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Annual General Meeting; and
- (b) the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The above table shows the potential dilution of existing ordinary security holders on the basis of the current market price of Shares and the current number of ordinary securities for variable 'A' calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows two examples of:

- (a) the dilution effects where variable 'A' is the number of Shares on issue, and where variable 'A' is increased by 50% and 100% based on the number of Shares on issue; and
- (b) the dilution effects where the issue price of ordinary shares has decreased by 50% and increased by 100% as against the market price at the close of trade on 12 October 2021.

The table has been prepared on the following assumptions:

- (a) The Company issues the maximum number of equity securities available under the 10% Placement Capacity.
- (b) No options are exercised into shares or convertible notes are converted into shares before the date of the issue of equity securities.
- (c) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (d) The table does not show examples of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Capacity based on that shareholder's holding at the date of the Annual General Meeting.
- (e) The table shows only the effect of issue of equity securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- (f) The issue of equity securities under the 10% Placement Capacity consists only of shares.

6.4. Timing

The Company may only issue equity securities pursuant to the 10% Placement Capacity within 12 months of the date of this Annual General Meeting. Further, the approval will cease to be valid in the event that shareholders approve a transaction under Listing Rule 11.1.2 or 11.2.

6.5. Use of Funds

The Company may use the funds raised from the issue of equity securities pursuant to the 10% Placement Capacity for working capital, for further gold exploration in central Victoria, and to identify and assess potential growth opportunities. The Company is also looking to diversify from the development of various non-gold assets on its freehold land at the Nagambie Mine.

6.6. Allocation Policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (a) the methods of raising funds that are available to the Company including but not limited to share purchase plans, rights issues or other issues in which existing securityholders can participate;
- (b) the effect of the issue of the equity securities on the control of the Company;
- (c) the financial situation and solvency of the Company; and
- (d) advice from corporate, financial and broking advisors (if applicable).

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice of Meeting, but may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

6.7. Requirements for entities which have previously obtained Rule 7.1A approval

No equity securities were issued by the Company in the 12 months preceding the date of this Annual General Meeting under the 10% Placement Capacity.

6.8. Voting Exclusion Statement

At the date of this Notice, the Company has not proposed to make an issue of equity securities under the 10% Placement Capacity. No existing Shareholder's votes will therefore be excluded from voting on Resolution 5.

GENERAL NOTES

Entitlement to Vote

The Company has determined in accordance with Part 7.11 of the Corporations Regulations that for the purpose of voting at the meeting, shares will be taken to be held by those persons recorded on the Company's register as at 7:00pm (AEDT) on Wednesday, 24 November 2021.

Corporate Representatives

For a corporate representative to vote, they will require a Certificate of Appointment of Corporate Representative executed in accordance with the *Corporations Act*.

Voting

On a poll, every member present in person or by proxy or by attorney or, in the case of a corporation, by duly appointed representative, shall have one vote for every share held.

Proxies

A member entitled to attend and vote at the Annual General Meeting may appoint one or two persons to attend and vote at the meeting as the member's proxy. If you wish to appoint a second proxy you will need to complete a second form. Automic Registry will provide additional proxy forms upon request.

A proxy need not be a member. If two proxies are appointed, each proxy must be appointed to represent a specified proportion of the member's voting rights. If the vote split is not specified, it is deemed to be equally divided between the two proxies.

The Proxy Form must be deposited at the share registry of the Company, Automic Registry, at Level 5, 126 Phillip Street, Sydney NSW 2000 or by mail to GPO Box 5193, Sydney NSW 2000 by no later than 11:00am (AEDT) on Wednesday, 24 November 2021.

Shareholders and their proxies should note that sections 250BB and 250BC of the Corporations Act apply to voting by proxy. In particular:

- (a) the proxy need not vote on a show of hands, but if the proxy does so, the proxy must vote as directed;
- (b) if the proxy has 2 or more appointments that specify different ways to vote on the resolution, the proxy must not vote on a show of hands; and
- (c) if the proxy is the chair of the meeting at which the resolution is voted on, the proxy must vote on a poll and must vote as directed; and
- (d) if the proxy is not the chair, the proxy need not vote on a poll, but if the proxy does so, the proxy must vote as directed.

If a proxy is also a member, this subsection does not affect the way that the person can cast any votes they hold as a member.

If an appointment of a proxy specifies the way the proxy is to vote on a particular resolution and

- (a) the appointed proxy is not the chair of the meeting;
- (b) at the meeting, a poll is duly demanded on the resolution and either of the following applies:
 - (i) the proxy is not recorded as attending the meeting;
 - (ii) the proxy does not vote on the resolution,

the chair of the meeting is taken, before voting on the resolution closes, to have been appointed as the proxy for the purposes of voting on the resolution at the meeting.

7.2. The method of adjustment for the purpose of paragraph 7.1 shall be in accordance with the Listing Rules of the ASX from time to time, which, under Listing Rules 6.22.2 and 6.22.3, currently provide:

(a) **Pro Rata Cash Issues**

Where a pro-rata issue is made (except a bonus issue) to the holders of underlying securities, the exercise price of an Option may be reduced according to the following formula:
